

SlugMarket

An exclusive marketplace for UCSC students.

MVP:

- create and login into accounts
- post listings
- browse/search items
- contact sellers

Product Backlog:

User Story				
As a user, I want a login page so that I can log into my account or create an account				
As a user, I want to mark a listing as sold so that buyers know it's no longer available				
As a user, I want to view listing details so that I can decide whether to buy an item				
As a user, I want a browsable homepage so that I can discover available listings quickly				
As a user, I want to search listings by keyword so that I can quickly find items I'm looking for				
As a user, I want to filter listings so that I can narrow results by price or category				
As a user, I want to my own listings to display on my profile so that I can track what I currently have for sale				
As a user, I want to edit/delete my listings so that I can keep my listings accurate or remove sold items				
As a user, I want to message a seller from a listing so that I can ask questions or arrange a transaction				
As a user, I want to fill out and submit a listing form so that I can post an item for sale				
As a user, I want to report a listing or user so that I can flag suspicious or				

inappropriate content				
As a user, I want a bottom navigation bar with links to Home, Search, Messages, and Profile so that I can move between core sections of the app				
As a user, I want to view my purchase history so that I can keep track of what I've bought				
As a user I want to review or rate sellers and buyers so that I can help other users make informed decisions				
As a user, I want my ratings/reviews to display on my profile so other users can determine if I'm trustworthy				
As a user, I want to add a bio to my profile page so that other users can learn about me before transacting				
As a user, I want a profile page so that I can appeal to others				
As a user, I want a messaging page so that I can keep track of my messages				
As a user, I want to visit other users' profiles so that I can learn about sellers before buying from them				
As a user, I want to upload images to my listing so that buyers can see what I'm selling				

Sprint 1: Core setup (user interfaces and list creation)

- As a user, I want a browsable homepage so that I can discover available listings quickly
- As a user, I want to fill out and submit a listing form so that I can post an item for sale
